Sailing Directions e-NP

**Carriage compliance** - e-NPs are designed to meet SOLAS carriage requirements, contain the same official information as their paper equivalents, and have been approved by the Flag States of over three quarters of ships trading internationally.

**Faster NM updates** - Bridge crews can download relevant Notices to Mariners (NM) updates in just a few seconds every week, freeing their time to focus on other important duties. Update files are also published on DVD every three months.

**Aiding passage plans** - The e-Reader snap shot function helps bridge crews view, save and print e-NP pages and any applicable NMs and addendums, which can be used to support passage planning.

**Easier access to important information** - Use the simple search function to access information more easily and quickly than ever. You can also use your e-NPs on up to three computers on board per licence.

**Greater confidence and clarity on the bridge** - The electronic weekly NM updates are added to the relevant e-NPs with greater consistency, accuracy and clarity; helping to give decision makers more confidence on the bridge.

**e-NP Version 1.2** - Building on the success on Version 1.0, e-NP Version 1.2, has several significant improvements including easier viewing, saving and printing of e-NP pages and their respective NMs from the snap shot viewer function.
